Varieties Judge: Lian O'Sullivan

Not a huge entry to judge but with the photography taking place this did allow time for rats in the varieties show to be photographed. Many Thanks to Vicki my competent and able steward and to Lisa who scribed for me. Congratulations to Ann (Rivendell stud) for winning B.I.S with a very attractive silver fawn kitten and Vicki (Campion stud) for B.O.A. with an agouti adult. Just to mention a couple of other rats that really caught my eye a B.E silver agouti in the New Varieties (Rivendell stud), this is a very attractive variety and I am sure when it goes into Guide Standard it is a variety to be watched in the top placing. A golden Himalayan doe show by Trinovantium stud is another to watch this is a very attractive variety.
