

Rattery Registration/Breeders' List Form

NFRS Membership Co-ordinator: Rackie Powell

Southend Farmhouse, Bradfield Southend, Reading, Berkshire, RG7 6HA

Email: membership@nfrs.org

The below form must be filled in by all breeders wishing to be included on the NFRS Breeders' List and/or those wishing to register a rattery (eligible for Novice award).

By registering, you are not added automatically to the NFRS Breeders' List unless you wish to be included. Please ensure you delete the correct line below. The current fee for registering a rattery is a one-off charge of £10.00 and then a second one-off charge of £10.00 at stud name registration.

Please post the completed form with a cheque for £10.00 (made payable to 'NFRS' or 'National Fancy Rat Society') to the address above. Alternatively, email the form to the email address above and make payment of £10.50 via Paypal (additional charge reflects Paypal fees). PayPal payments should be sent to treasurer@nfrs.org.

For breeders without a stud name, to be eligible for the Novice award, please include the rattery name you wish to use, which will be sent to the NFRS Committee for approval. If/when the breeder achieves the requirements to apply for their stud name, the name will have been approved, so the breeder needs only to send proof wins and stud registration fees to the Standards Officer/Treasurer. However, if the breeder wishes to change their rattery name upon becoming a stud, they must fill in the below form; the new name must be sent to the NFRS Committee for approval. If the rattery name is not approved, the breeder may choose a different rattery name for approval, without paying a further charge.

Please note, to register a rattery you must have been a member of the NFRS for at least one year.

Please check as applicable:

- I am applying to the NFRS to become a registered rattery (Novice breeder) and **WOULD LIKE** to be included on the NFRS Breeders' List.
- I am applying to the NFRS to become a registered rattery (Novice breeder) but **DO NOT** wish to be included on the NFRS Breeders' List.
- I have an existing rattery/stud name and would like my details to be included on the NFRS Breeders' List.

Name:

.....

Proposed rattery name (or for existing ratteries or studs, current name):

.....

Breeders' List contact information (optional – e.g. website, email address, contact number):

.....

.....

Breeders' List varieties (optional varieties bred and any further information to be added to Breeders' List):

.....

.....

- I agree for the above data to be held by the NFRS, and published on the NFRS Breeders' List (if requested above), in accordance with GDPR and the club's Privacy Policy (www.nfrs.org/privacy.html).

A copy of the full Breeders' List is held on the NFRS website, provided to new members, and available to the public by post or email on request.
